

**MOVE TO CRUSH
I.W.W. TREASON.**

Government will Act to Curb
Political Activities.

Grave Menace to Industries is
Seen by Officials.

Prosecution of Leaders is
Practically Decided.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 16.—Grave menace to industries whose continuation at high speed is deemed vital to the prosecution of the war, is seen by officials here in the growing activities of Industrial Workers of the World leaders on the Pacific Coast and in the far Northwest. The movement is apparently nearing its maximum and the full scope of its possibilities is not minimized here. A pretentious programme of strikes, lockouts and general disturbances over seven States or about one-fourth of the area of the country has been brought to the attention of the Department of Justice by scores of expert field investigators now in an affected territory.

SWIFT ACTION.
Swift action to check the movement, insofar as it would cripple industries or curtail production of commodities necessary for war, is planned by Department of Justice officials. Prosecution of strike leaders, where justified in the opinion of the department, on charges of conspiracy or under the espionage act, is contemplated in some cases, but no general prosecution of I.W.W. leaders is expected.

The entire movement, culminating yesterday in the declaration at Spokane of James Rowan, district secretary of the organization, that a general strike would be called August 28 in Washington, Oregon, Montana and Idaho, unless certain demands were complied with, is being treated by many officials as being political and not a labor movement.

PROSECUTORS TO ACT.
District Attorneys in the four States affected, as well as in California, Arizona and New Mexico, have been instructed to devote unflinching attention to the situation and to institute prosecutions promptly where justified.

Officials here were much interested today in Rowan's demand for a ten hour day in the harvest field. Any organized movement, it was said, tending to prevent or delay the war effort of the country in any way, would be dealt with severely in the class of subjects with which the President was resolved to deal virtually summarily.

LOGGERS AFFECTED.
Another industry which has already been affected by a ten hour day by activities traceable to I.W.W. sympathizers is spruce logging in Washington with the result of immediate disturbances, the government's great programme of aircraft production appeared to be menaced, but the situation in this industry has not been published.

**ASK GOVERNMENT TO FIX
A FAIR PRICE FOR COAL.**

Representatives of the Middle Western States Declare
Crisis is Threatened and Urge Federal Regulation of
Fuel Output—President may Name Man to Assist the
Trade Commission in Effecting Reforms.

(BY A. P. NIGHT WIRE.)
CHICAGO, Aug. 16.—Representatives of the councils of defense of thirteen Middle Western States at a conference held here today adopted resolutions urging immediate action by the Federal government in fixing a reasonable price for coal and regulating the distribution of fuel by the railroads in order to relieve the crisis which threatens the country.

A copy of the resolutions was telegraphed to President Wilson. The conference of delegates to meet again in Chicago next Thursday when the representatives of the different States will report data to be gathered on the cost of coal production at various mines. The figures on the cost of production of coal in the different States will be compared at the next conference and probably a committee named to go to Washington with the report. Various States will co-operate in every way possible with President Wilson and the Federal Trade Commission in fixing the price of coal and arranging for its distribution.

WANT FEDERAL CONTROL.
Meanwhile the plan of Gov. Lowden to control the situation in Illinois seemed dangerously close to disaster. Under threat to sell the mines, the Governor obtained agreements from railroad heads, mine operators and miners to abide by prices to be set by Chief Justice Carter of the State Supreme Court. The operators, however, have failed to appoint a committee to act with Justice Carter as was planned. They met last night and again this forenoon, but named no committee. Several of them, accompanied by labor leaders, left for Washington last night and sentiment seemed to be that Federal rather than State control would be best from their point of view.

At the conference a sentiment in favor of Federal control of coal and coal prices developed, as opposed to the Illinois plan. State Secretary of the Copper of Kansas and Will Vane of the Indiana delegation spoke for Federal control.

restored more nearly to normal with in the past few days. A third industry which might be seriously affected by general I.W.W. strikes, it is said, is copper mining in Montana. The government is following this situation closely.

**PLATINUM DEPOSIT
FOUND IN ALASKA.**

GOVERNMENT SENDS EXPERTS
TO MAKE INVESTIGATION.

Closing of Russian Mines has Created Dangerous Shortage of Metal Used in Manufacture of Important War Supplies—Discoveries Reported Elsewhere.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 16.—Discovery of platinum in Alaska by Dr. Herschel C. Parker of New York and others has aroused government agencies to the greatest activity in the hope of finding sufficient quantities of precious metal to meet the war needs of the Allies.

Four prominent experts have been assigned to study the Alaskan situation and report if the discovery may replenish the platinum supply cut off recently by the virtual cessation of activities in the Ural Mountain mines, the source of the world's greatest supply.

Intensive operations would follow favorable report, for the true conditions, it is declared, cannot be determined before next year, by which time the present short supply will be very nearly exhausted.

Prof. Parker has reported finding platinum in quantity in the gravel of the Kahiltna River during gold dredging operations. A dredge followed, and E. B. Martin, a government geologist, was assigned to check results. Alaskan gold miners also have reported platinum in the Ketchikan, Koyuk and Chitochina districts.

Seven hundred and fifty tons of platinum were discovered in Alaska last year, and this small amount was sufficient to greatly stimulate the further production of the metal. Government experts will go no further than to say that the situation is "hopeful" but the intent to meet every effort to develop while there is the slightest chance of results.

War uses of platinum include the making of electrical contacts and the completion of contact points of the ignition system of airplanes, automobiles and tanks. Substitutes have been found for it in making of sulphuric acids, but it is almost indispensable for other uses.

No acute is the world shortage that it has advanced from 148 to 150 tons. The metal has not been published.

**ARREST GERMAN
ON SPY CHARGE.**

Navy Officer Held on Warrant
from the President.

Many Maps and Papers Were
in His Possession.

Held Incommunicado; Denied
Privilege of Hearing.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Aug. 16.—Lieut. Irving F. Schneider of the German navy was arrested here on a Presidential warrant as a spy three days ago, Department of Justice officials announced today. Many maps and papers declared to be of an incriminating nature were found in his possession.

With Schneider was arrested Theodore Kasting, a former department store employee, who is accused of aiding Schneider in securing maps and other information concerning the military establishments here for use of enemies.

HELD INCOMMUNICADO.
By the President's order, the men are being held incommunicado, without the right to demand the privilege of a hearing. The arrest of the men was carefully concealed until the order of the President arrived at the time of the arrest.

Schneider, according to the Federal authorities, was decorated with the Iron Cross for services rendered while a lieutenant in the German navy. The decoration was said to be among the effects taken from him at the time of the arrest.

Schneider and Kasting are alleged to have occupied apartments in the city and to have been carrying on a spy ring for the German navy. They were said to be working on a "closed shop" or, as it was explained, agreements with the men that would permit them to carry on a spy ring for the German navy.

RECENTLY MARRIED.
Schneider, recently married, Miss Marie Helm of Oakland, Cal. Federal authorities said that Schneider attempted to join the Aviation Corps and also the department of the military service, but was prevented from doing so by reasons not stated.

He was said to have been a Swedish vessel, the authorities said, but was detained by the secret service. The arrest was made by agents of the Department of Justice.

Schneider's friendship for four Austrian sailors who were under surveillance by Federal operatives and gave their pledge to induct him into the secret service.

**MORAN MUST TESTIFY
AT LABOR HEARING.**

(BY A. P. NIGHT WIRE.)
DENVER (Colo.) Aug. 16.—James P. Moran, district president of the United Mine Workers of America, was directed today by a peremptory order, issued by Judge Butler in District Court here, to appear before the State Industrial Commission within two days after receipt of the order and testify in the hearing brought by the commission in an effort to settle the controversy between the Colorado Fuel and Iron Company and mine owners employed by the company.

The order was issued on application of Chairman Hiram Hilla of the Industrial Commission.

The hearing was begun this week after the witnesses' grievances of the miners and the refusal of President Welbourne of the fuel company read into the records. Further sessions of the hearing were prevented by the failure of the miners' representatives, including District President Moran, to appear before the commission.

The order was issued on application of Chairman Hiram Hilla of the Industrial Commission.

**COMPROMISE SETTLES
KANSAS CITY STRIKE.**

(BY A. P. NIGHT WIRE.)
KANSAS CITY (Mo.) Aug. 16.—Street car service in Kansas City, paralyzed for nine days by a strike of more than 1000 operating employees of the City Railway Company, will be resumed tomorrow morning.

Settlement of the walk-out was effected today, both the company and the union agreeing to a compromise which will permit unionization of the company on an "open-shop" basis.

The settlement was effected on each side. For years the men have been seeking the right to be paid on a piece basis, but the company refused to do so. The settlement provided for the consideration of grievances. These points they won. The car company has fought evenly hard against the principle of a "closed shop" or, as it was explained, agreements with the men that would permit them to carry on a spy ring for the German navy.

Questions of wage increases probably will be raised by the union. A board of three to consider all disputes one month after they arise will be set up. The board will be composed of three representatives of the union and two of the company.

**DRIFT TEN DAYS
IN AN OPEN BOAT.**

SIXTEEN SAILORS FLEE FROM
BLAZING VESSEL.

Emancipated from Sickness and Lack of Food, Members of Crew Reached Kaul in Leaking Craft Stuffed with Salt Improvised from Pair of Trousers.

(BY A. P. CORRESPONDENCE.)
HONOLULU (T. H.) Aug. 5.—Gaunt, emaciated, covered with salt water sores, but glad to be alive, the sixteen members of the crew of the Mason auxiliary bark R. P. Hickey, who sailed from Honolulu here today, had arrived here today from Kaula, Kauai, the port which they made after a desperate voyage of ten days in an open boat.

The story told by the seamen demonstrates conclusively that the American navy is not as good as it is said to be. The crew, it was said, had been in the boat for ten days, and they had no food, no water, and no shelter.

Until it was apparent that they could not survive, they had no food, no water, and no shelter.

**ARIZONA TAXES
ARE INCREASED.**

Improvements Planned Raise
Lever One-third.

Union Men Protest Against
Methods of I.W.W.

Honor System for Prisoners
Declared Illegal.

(SPECIAL CORRESPONDENCE.)
PHOENIX (Ariz.) Aug. 15.—The State Tax Commission has finished its annual equalization session and has determined that the cost of the State government for the current fiscal year will need a tax levy of 5 1/2 cents on each \$100 of valuation. This is in addition to the county and municipal taxes. It happens to be an advance of a third over last year's State assessment, due to a rise of the State's proportion of the general school tax.

The State Tax Commission has finished its annual equalization session and has determined that the cost of the State government for the current fiscal year will need a tax levy of 5 1/2 cents on each \$100 of valuation.

**FRENCH GARDENING
BY ENGLISH GIRLS.**

(A. P. FOREIGN CORRESPONDENCE.)
LONDON, July 16.—A number of English girls are leaving England shortly to work as gardeners in the military cemeteries in France.

The work they will do has been planned by one of the officials at Kew Gardens, and the girls will work under the direction of the War Office.

**DANCE ARBITERS
PLAN NEW STEPS.**

TERPSICHOOREAN CREATIONS
MAY HAVE MILITARY TONE.

(SPECIAL CORRESPONDENCE.)
NEW YORK BUREAU OF THE TIMES, Aug. 15.—That the war is having considerable influence on the art of America's chief indoor and outdoor pastimes—dancing—will be made evident when the largest convention of dancing professors, from all over the country, is held in Hotel Astor, August 22 to September 1.

It is to be the thirty-fourth annual convention of the American National Association of Masters of Dancing and in order that there may be no confusion in the public mind regarding this association, it may be stated that it does not number in its membership so-called dancing instructors of the cabaret type or "house party" type, nor is anyone who simply attempts to teach one-step and fox trots eligible to membership.

This association is composed of the leading dancing academy men in many cities, all of whom are instructors of the leading social sets in their respective localities, and most of them have been established for many years. Their schools have to conform to certain high standards and the chief purpose of the body is to elevate social dancing, as well as to preserve the beauty and high educational value of classical, rhythmic and interpretive dances.

Just what innovations are to be seen when these representative dancing masters convene and adopt certain standards. One thing is positive, however, and that is that any new features to be introduced will be dignified and in keeping with the patriotic spirit of the times. It is rumored that some military steps may find their way into the current dance, but no details of these are ready for announcement as yet.

One of the features of the convention will be demonstrations by the renowned ballet master, Stefano Macarone, of La Scala, Milan, Italy. He will illustrate various forms of dance technique with his pupils, while Veronice Vestel of the Russian imperial schools of dancing and formerly solo dancer with Pavlova, will teach interpretive, classical, plastic, folk, etc., dancing with Sonia Berova, also of the Russian school. Miss M. D. Knowles, formerly of Castle School, will show the correct authentic steps of dancing by the time of the convention.

President Moore Christensen of the association has been in New York City for the past few weeks making preparations for the convention, which will begin to arrive in New York by the score.

ADDRESS TO GIVE UP WIFE.
Mrs. Ella L. Henry, wife of a Miami funeral director, Charles R. Williams, an Arizona Eastern brackman, have been returned to their home in Miami, Fla., after a long absence. Mrs. Henry, who was in the United States for a long time, has been in the United States for a long time.

Your Office Equipment

Is it what it should be?

Labor saving devices often result in less work in an office more economically and efficiently.

As in all other departments of business there have been wonderful advancements in office equipment, and the business man who looked into these new, modern, labor-saving devices recently, is most certainly missing out.

It would pay any business man to visit our five-story and basement plant.

In addition to a large printing, lithographing, engraving plant, we carry in stock almost anything that you would naturally expect in a well-regulated, up-to-date, modern stationery store—anything from a rubber stamp to an office system. We carry a complete line of blank books, including ledgers, journals, books and "special rulings."

Corporation supplies of all kinds. We would appreciate your placing your order for office supplies and equipment with us. We take this opportunity of assuring you that the article itself, but that the price and service will be satisfactory to you.

Lemon Juice Clears Skin

Make a beauty cream cheaply to soften and whiten the complexion. Massage the face, neck, arms and hands. Read directions!

What girl or woman hasn't heard of lemon juice to remove tan, freckles, sallowness and complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with Orchard White. This way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of Orchard White, then shake well and you have a whole quart of skin and complexion lotion at about the cost of one small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms, and hands it should help to bleach, clear, and beautify the skin.

Any druggist or toilet counter will supply three ounces of Orchard White at very little cost and the grocer the lemons. Make it and try it.

Genuine Orchard White bears the name, Edward Weitz Co., Cincinnati, Ohio.

THE CITY AND ENVIRONS.

City Council's Work.

Mr. Seward A. Simons will speak on "The Work of the Women's Committee of the State Council of Defense" at the Normal Hill Civic Center tomorrow evening.

To Tell of Deportation.

W. B. Cleary, the lawyer who was deported from El Paso with the drive of the I.W.O. of that town, will address a meeting at El Centro this evening. He will tell of his experience with the vigilantes.

For Relief Fund.

Dinner and supper will be served by Clara Barton Tent, No. 14, Daughters of Veterans, in California Hall, No. 119 1/2 South Spring street, today, to raise money for the relief fund for disabled veterans.

For Eastern Star Members.

Santa Monica Chapter, No. 113, Order of the Eastern Star, will give a supper and barn dance on the Santa Monica pleasure pier Tuesday evening for visiting members of the organization. Mrs. I. G. Tullis is chairman of the entertainment committee.

Missing Engineer Weds.

A dispatch from Globe, Ariz., reports the wedding there of Miss Louise Lindsey Ross, daughter of Mr. Augustus K. Ross, formerly of Mendocino, a Los Angeles mining engineer, at present engaged at Globe. The bride is the daughter of the late J. H. M. Ross, formerly of Newport, Ky.

For Park Concerts.

Miss Theresa Metz, a vocalist, will assist at the concert to be given by a string quartet at Echo Park this evening, and at Westlake Park tomorrow evening. There will also be large bands and other attractions.

Gone to Washington.

Richard B. Brimenden, who for the past year or more has been stenographer in the office of the Public Service Commission, has been notified of his appointment as a stenographer in the civilian personnel department of the War Department. He took the Federal civil service examination here a short time ago.

Druggists Will Gather.

The Los Angeles Retail Druggists' Association will meet at 12:15 o'clock today at Christopher's, No. 741 South Broadway. There will be a luncheon and a musical program.

Engineers Need Men.

Orders to immediately recruit up to 250 men were received by Capt. E. B. Hayden, Co. C, Corps of Engineers, from the War Department, yesterday. This means that nearly 250 men have to be secured in two days, as the company, which is now composed of 154 men and four officers, has orders to entrain tomorrow for San Antonio, Texas.

Letter from President.

The Catholic Reunion Picnic Board of 1917 held a meeting in the Y.M.C. clubhouse last night to wind up the business of the year. It was announced that between 15,000 and 20,000 persons attended the picnic at Long Beach July 28, and that all expenses were cleared. The board has a personal letter from President Wilson acknowledging the display of loyalty and patriotism of the Catholics of Southern California, sent him in a letter from the picnic at Long Beach, at which this action was authorized.

SUES FOR MAINTENANCE.

Mrs. Mary Hall, alleging her husband, Charles Hall, deserted her July 25, 1916, leaving her practically destitute, filed in the superior court yesterday for separate maintenance. Attorney J. H. Morrison is handling her case.

THEY ARE FOR HOME GARDENS.

Petition signed by the principal wholesalers produce merchants of the city requesting the Council to appropriate money for continuing the work of the Home Gardens Committee was received yesterday. The petition asserts that the work has incited a desire to cultivate their properties in the minds of many persons, and no doubt will result in a big saving to the city. They therefore asked that the full amount asked by Chairman Brown be appropriated. The matter was referred to the committee of the whole.

MANY PEACHES AT LOW PRICE.

Fruit for Canning is Very Plentiful in the San Fernando Valley.

Peaches for preserving can be had in unlimited quantities for absurdly low prices, according to word sent to the Chamber of Commerce yesterday by residents of the San Fernando Valley.

The reason given is that the crop is large and the canneries are using only the highest quality of fruit. There is a vast amount of good fruit for canning that is not used and will spoil unless picked up by chance customers. Auto parties are invited to route their cars through the valley and take advantage of the situation.

Expression.

NORTH-END UNION STATION FAVORED.

INTER-CITY COMMITTEE ACTS ON TERMINAL PLAN.

Plan Site not Mentioned in Formal Resolutions, Although Members are Said to Prefer It. Railroads Declared Too Poor to Build Depot.

Resolutions favoring a north-end union terminal station were passed unanimously last night by the Inter-City Committee representing Pasadena, South Pasadena, Alhambra, Ramona Park, San Gabriel and Altadena, at a meeting held at the City Hall of South Pasadena. While the plan site was not mentioned in the resolutions, because of an objection filed by one man present, the remainder of the committee were in favor of the plan.

The railroads were represented by D. W. Pontieri, for the Pacific Electric; H. B. Tipton, Southern Pacific; and A. Maguire for the Los Angeles and Salt Lake Railway. Mr. Pontieri opposed the plan of a union station on the ground that the railroads could not afford to build one at this time. He submitted a proposal that the Southern Pacific and Salt Lake use the present Arroyo Station and that the Pacific Electric be allowed to go east on Sixth to the east bank of the Los Angeles River, thence north to Alhambra street and by viaduct to Redondo Station, thus eliminating all grade crossings.

The proposal was not considered by the Inter-City Committee and the north-end plan was unanimously in favor of it. The committee was organized by Supervisor Jonathan R. Dodge. Seward A. Simons and Samuel Starrow represented the Inter-City Committee in the discussions.

First Day.

HEARS FAMILY WOES.

Superior Judge Avery, Just Named to the Bench, Considers Trio of Divorce Cases as His Initial Work; Gives All Wives Decrees.

Superior Judge Russ Avery, who was sworn in yesterday by County Clerk Leland, appeared in Department Fifteen yesterday, sitting for Judge Wilbur, and without the usual formalities, disposed of three divorce cases in rapid succession.

Judge Avery's maiden case yesterday was the action filed by Lauretta Trumbull against Robert J. Trumbull. There was no contest and Mrs. Trumbull was granted the decree. She charged cruelty.

Mrs. Clara Bell Harris was freed from Fred Harris. She charged non-support and desertion.

The third case was that of Mrs. Edna Harris against George Harris. The husband deserted her in 1913. It was alleged. Mrs. Harris was given the decree.

PALE KILLAS WOMAN.

Mrs. A. J. Kurat, 70 years old, of No. 502 West Washington street, fell down stairs in the drug store at Sixth and Hill streets yesterday morning and received a depressed fracture of the skull. She died in the Receiving Hospital while Police Surgeon Scott was preparing to operate in an effort to save her life. The body was removed to the Dutton mortuary.

Don't lose sleep because of an itching skin

Resinol will make it well

How can you expect to sleep tonight unless you do something to relieve the trouble? Eczema and other itching skin troubles don't often heal themselves. But it is surprising how quickly Resinol does heal them.

Almost daily we hear from a skin-sufferer who says "Resinol Ointment stopped my itching at once and I got the first good night's sleep I had in weeks. Now my skin is well."

Resinol Ointment is sold by all druggists.

Caught in the Government's Net Spread for Slackers.

Only one of all these was held for investigation.

NEARLY NINETY PER CENT. OF SLACKER SUSPECTS INNOCENT.

FEDERAL officials, assisted by those of the State, county and city, yesterday started a huge drive in Los Angeles against suspected violators of the conscription law. The net results were disappointing. Out of perhaps 200 young men rounded up on alleged slacker charges, only twelve are said to have been held for investigation.

The net results were disappointing. Out of perhaps 200 young men rounded up on alleged slacker charges, only twelve are said to have been held for investigation.

STRANGE CLAIM BY DESERTER.

Drawn for the Army, He Asks Exemption: Navy Men to Decide Case.

The exemption board of San Luis Obispo sat up and took notice yesterday when Benjamin Max Fischer, a deserter from the United States Navy, appeared and made claim for exemption on the ground that he is a deserter from the United States Navy.

MRS. MODJESKA SEEKS DIVORCE.

Wife of Actor's Heir Says Husband Deserted Her.

Mrs. Dorpolis not mentioned, Nor Alimony Asked.

Settlement Reported as to Finances, Children.

By filing suit for divorce yesterday on the ground of desertion, Mrs. Dorpolis, the wife of Felix B. Modjeska, grandson of the noted actor, who was the center of a remarkable love tangle last summer, in which his name was linked with that of Mrs. Dorothy Dorpolis, the proceedings of the expected trial and the anticipated fight for the custody of the two Modjeska children.

FATHER TO BE TRIED AS DAUGHTERS' ABDUCTOR.

THROUGH a decision of the courts at Vancouver, B. C., pretty Mrs. Winifred Uyttenhove of Pasadena is soon to regain possession of her two young children, who were spirited away from her last year by her husband, Henry Uyttenhove, causing considerable correspondence between the authorities of the United States and Canada.

SHE OBJECTS TO SATURDAY.

Seven Doesn't Want to Take Teacher's Examination on Hebrew Sabbath.

A case unique in the history of the Board of Education came to light at yesterday's meeting of the board, when a young Hebrew woman, who desired to take the examination for a position in the schools, objected to being forced to take a written examination on Saturday, as writing on the Jewish Sabbath is not permitted by her religion.

GET VOTE BY VOTE.

Supervisors Announce Census of Ballots on Proposition to Amend Lighting District Act—The Property Owners to Determine Issue.

By a vote of the electors in the various lighting districts of the county, it was announced yesterday by the Board of Supervisors, the voters have arrogated to themselves the right to determine district lines. Under the statute before it was amended, property owners had the right to organize, but the Supervisors determined the boundary limits of the district.

Exchange Your Piano For the Chickering

Imagine that on a quiet evening in your home, as you lay aside your book and close your eyes for a moment, a soft chord is struck on your piano.

A great pianist interprets the thought of a master composer as you listen, spellbound, to the ebb and flow of the harmony as it is woven in the beautifully colored fabric of the composition.

In no realistic way can we describe to you the wonder of the Ampico Reproducing Piano—an almost human mechanism installed in the world-renowned Chickering Piano, to the end that a dream of the ages has become a definite reality.

Grand and Upright Styles

Your used piano accepted in part payment.

TO FIX SOURCE OF UGLY TALES.

Gloyd Divorce Defense After Anonymous Writer.

Young Wife's Name is Linked with Elderly Banker's.

Testimony Shows that Grave Error is Involved.

The defense in the Gloyd divorce suit expects to prove today, by the testimony of Investigator Chappelle of the District Attorney's office, the authorship of the anonymous letters received by Mrs. Maletta R. Gloyd. These letters, it is said, accused Mrs. Gloyd, who is the young and attractive wife of Albert M. Gloyd, retired lumberman of Kansas City, of misconduct with an elderly and prominent banker of this city.

Yesterday the banker and one of his sons were called as witnesses, and positively declared they did not know the Gloyds and had never met them before. It was evident that in naming the elderly banker a grave mistake had been made.

Mrs. Gloyd defended herself against the allegations of her husband's complaint, his testimony and the testimony of his housekeeper, Mrs. Louise Smith. She denied categorically that she asked Mrs. Smith not to tell Mr. Gloyd the things she told the housekeeper; to have letters from other men sent to Mrs. Smith's care; that if Mrs. Smith were not as much in love with her own husband as she, Mrs. Gloyd, would have her fall in love with Mr. Gloyd; that she would give her \$1000 if she should get \$25,000 out of Mr. Gloyd; that after leaving Mr. Gloyd's room she said to Mrs. Smith, "I have put another nail in his coffin."

Judge Wood interrupted Attorney Lawler at this stage to say there were enough contradictions between the parties, and that there should be no material things.

Mr. Lawler then stated that he intended for the record, and so announced in the court's view, Mrs. Gloyd was then turned over for cross-examination by Attorney Stick and Kestch. The case will close today.

Outspoken.

"COLONISTS" WARNED.

Detention Attorney Says Any Person Going to Mexico or Beyond Should Be Warned of the Law's Full Rigors.

Complaint has been made to the District Attorney that illegal regulations and colonization are now taking place in certain sections of Santa Monica, and especially in the hotels there, with a view to affecting the result of the annexation election. In all cases where sufficient evidence is brought to the attention of the District Attorney, such offending persons will be prosecuted to the full extent of the law; and any evidence tending to show such violation of law should be promptly reported to the District Attorney's office, according to an official announcement issued yesterday.

A long list of hotel and apartment-house restrictions from the beach section has been forwarded to Mr. Woodhouse, which indicates either colonization on a large scale for the coming election or a harbor master at the seaside resort.

Weekly.

SEATS IN DEMAND.

Long Line Extended to Front of Box Office when Ticket Sale Opened for the Fourth Sunday of the French Emergency Hospital Units.

From the half-block line extending from the box office of the Mason Opera-house yesterday noon when the ticket sale was opened for the French wounded emergency fund benefit performance to be staged Sunday night, L. M. Bruns, chairman of the Executive Committee of the affair, predicted a successful home to greet the stars of the show, today world who will make up one of the clearest programmes ever presented in the city.

Charlie Chaplin did not appear at the studio yesterday, applying his time in a ten-mile run in preparation for his boxing match with Eric Campbell. Mary Pickford will be referee.

Carlos Guinan, late star of the Winter Garden, yesterday offered his services, followed by Harry Carroll of the Orpheum circuit, second singer of his own songs. Charles Murray will be master of ceremonies.

Mrs. Huguette Hughes, of the American Red Cross headquarters at Hill street, has extended to the committee the privilege of using the Red Cross headquarters for the performance.

VINT EXPLORATION SCENE. The consolidated damage suits of four persons against the Fox Film Corporation for alleged injuries suffered during the filming of a series of pictures on the Los Feliz road, in the vicinity of the Fox studio, closed yesterday as far as the testimony was concerned, in United States District Judge Tripper's court. Later, the court, accompanied by the jury, made a trip to the scene of the explosion, with a view to looking over the premises. The argument will begin this morning.

TWO ARE BANKRUPT.

To settle the payment of a judgment for personal injuries recovered in the Los Angeles County Court by George Lammert December 5, 1933, amounting to \$1513, Amargosa Flori, a mechanic of Santa Monica, filed a petition in bankruptcy in the United States District Court yesterday. He has no assets.

Paul Clark, a storekeeper of Gothen, Tulsa county, filed a petition in bankruptcy in the same court yesterday. His debts amount to \$1797.35, and he owns to \$1794.75, of which \$1794.45 are claimed to be due on open accounts.

RECORD PRICE PAID FOR FISH.

Wholesalers Pay Eleven Cents for Barbaque—State Law a Boomerang?

Fishermen were paid 11 cents per pound for barbaque yesterday by wholesale markets at the harbor. This is probably the highest price ever paid, and is due to State restrictions upon the use of nets. Even at these prices the fishermen are unable to make fishing as profitable as when fish sold for 3 and 4 cents a pound and catches were large.

"The Fish and Game Commission and the State Legislature have been looking at the high cost of fish through the wrong end of the glass," said W. H. Wickham, manager of the Fishermen's Fish Company yesterday. "The consumer is today paying excessive prices because the fishing banks have been made private preserves for red and reel men through laws that keep the fishermen and their nets out of the only places where fish are plentiful."

"The sea abounds in fish and it is ridiculous to assume that use of nets will cut down the supply and ruin the spawning grounds."

Accommodation.

COURT IS OBLIGING.

Santa Ana Judge Will Sit Here at Night and Ahead of Regular Time for Trial, to Assist a Litigant who is to Join the Colors.

The government expects to call J. S. Claire to the colors. Mr. Claire and George O. Green are suing L. M. Davenport and B. F. Ellis to determine the ownership of a gasoline engine and other machinery. Judge Thomas has partially tried the action and is waiting on the defense to complete the case.

When Mr. Claire stated yesterday that he may be called to the service at any time, Judge Thomas replied: "When a man like you is prepared to go into the battle trenches for his country, I consider it no more than right that a court should be inconvenienced to aid him."

He said he will come from Santa Ana, where he lives, on Tuesday evening to hear the case.

Mechanics are blamed.

Claiming that an elevator in the Security Building, in which she was a passenger, dropped from the eighth floor to the basement as a result of faulty mechanism, and injured her seriously, Miss Delilah Fawcett filed suit in the Superior Court yesterday for \$7500 damages against the Central Fireproof Building Company.

Divorce suit dismissed.

Superior Judge Monroe yesterday dismissed the divorce proceedings of Mrs. Grace A. Crede against Herman F. Crede, because two principal witnesses for the plaintiff could not be found. Mrs. Crede alleged that her husband treated her cruelly and deserted her and their child.

Drastic.

PATIENCE ENDS WITH IDLERS.

Police Chief will Comb City for I.W.W. Loafers.

Their Choice is Best Fields or the Chain Gang.

Mayor Tired of Trifling with Lawless Gangsters.

Steps were taken yesterday by Mayor Woodman to rid the city streets of I.W.W. bums when he instructed Chief Butler to round them up at once. In the police courts they will be given their choice of going to work in near-by best fields or on the chain gang.

"Past experience demonstrate that it is unwise to trifle too long with that lawless gang of murderers," said the Mayor. "There are scores of them now in Los Angeles and it is necessary that some quick action be taken to prevent them from acts of violence and viciousness."

"Today I conferred with the owners of several large best fields and they assured me they will provide employment for the men. Men are needed on the machines and the ranch owners are anxious to get any kind of help."

"Now, if the I.W.W. members refuse to accept the positions in the best fields, I propose to see that they are sent to the chain-gang and we will work them at the municipal farm or other city places."

"It is not my purpose to send them away from the city. That would only compel some other locality to solve the problem. If we can make them work, I think the trouble will be over."

Twenty-seven men were taken yesterday before Justice of the Peace Burr of Monterey who is sitting for Judge Judge White, and given suspended sentences of from sixty to 180 days in the City Jail on the condition that they secure employment at once.

One, who was sentenced to serve 180 days, was arrested for the second time and appeared for another sentence. On his first arrest he was sentenced to serve sixty days and was released yesterday by Officer C. C. Smith.

On his previous arrest called himself Frank Shannon. The twenty-seven men were arrested by Officers Waugh and Brown of the Round-up Squad, which is working under the personal supervision of Chief Butler.

Divorce suit dismissed.

Superior Judge Monroe yesterday dismissed the divorce proceedings of Mrs. Grace A. Crede against Herman F. Crede, because two principal witnesses for the plaintiff could not be found. Mrs. Crede alleged that her husband treated her cruelly and deserted her and their child.

Certain models of colored embroidery to arrive.

Women who are wearing qualities, and who appreciate the fashion, will be eager to see these. Prices from \$22.50 to \$87.50

The Flagpole has a Sentimental Appeal

The ceremonies incident to flag raising have a wonderful patriotic appeal which alone should justify the erection of a flagpole in your home garden—NOW.

There is perhaps no ceremony which can so instill one with patriotism and which can thrill the emotions or touch the heart strings as can the flag raising.

Surely every home should have its flagpole. The cost can hardly be staid in the way when you contemplate its life-time service. Let us tell you about "Boco" Steel Flag Poles—available in any desired height—scientifically constructed to withstand the heaviest gale, made in telescopic sections with no threads to wear and weaken.

SHRINERS WILL TREK TO RANCH

Potential Promises One Huge Round of Merriment.

Novel Athletic Events with a Prize in Each One.

Simon-pure Barbecue will be Piece de Resistance.

Responding to the unique call from the Potentate himself, R. A. Hoffman, the Shriner will assemble tomorrow morning at Scottish Rite Temple for what promises to be one of the most delightful outings in the history of the order—a special pilgrimage in the ranch of Eddie Maier near Santa Susana, there to partake of Mr. Maier's hospitality and to give him a proper send-off into the state of matrimony, now impending for him.

Mr. Maier, who has been a Shriner and the few-worshippers have often tasted the joys of his country home, but in this case it is expected that everything past will be outdone. Heine Krohn and Ed Gregory will start the day properly by lining up the autos for the pilgrimage, and on arrival at "Las Delicias," Mr. Maier will meet the cavalcade with copious supplies of zesty-cream for the weary. A flag-raising ceremony will patriotically open the day. A barbecue, cooked in true Spanish style, will be a feature, and after that is disposed of with the proper interludes of speeches, toasts and the like, the following programme of events, each for a prize, will be pulled off under the direction of Slim Crabill, Dave Smith and George T. Cline: "The Shriner's" picnic.

WORK RUSHING ON NEW SHIPS.

First Rivets for Kinds of Two Craft are Driven and Ways are Humming.

The first rivets for the keels of two of the eight ships to be built for the government by the Los Angeles Shipbuilding and Dry Dock Company were driven yesterday and the work will be rushed as rapidly as possible.

General Manager Nathaniel is in the East looking after the shipment of material for the new craft. This is expected to arrive as fast as needed. Lumber has been secured in local markets for the completion of ways No. 1 and 2 and the closing of northern mills will not delay the work.

President Fred L. Baker and Directors Stoddard Jew and Daniel Murphy visited the plant yesterday and expressed themselves as being well pleased with the program.

AUTOS HELD A YEAR.

Shelf Made a Defendant in Case over Release of Cars.

Sobhana King filed suit in the Superior Court yesterday for \$3000 damages against Sheriff Cline, H. T. Peterson and the United States Fidelity and Guarantee Company. It is said that five automobiles belonging to the plaintiff were seized by the Sheriff at the instigation of Mr. Peterson and others. They were held for provisionally a year, the complaint says, with no claim upon them. The plaintiff claims damages because of the loss of the revenue to be derived from the use of the machines.

ESTATE GOES TO WIDOW.

Will of Santa Monica Pioneer Filed in Probate Court.

The will of the late William S. Vawter, a pioneer of Santa Monica, was entered in the Superior Court yesterday. The petition for probate was filed by the widow, Mrs. Sarah M. Vawter.

The property named in the will is valued at \$10,000. The widow is to receive all excepting \$1000, which is for Mrs. Mary Charlotte Moore, a daughter.

ECHO OF SHIP PURCHASE.

Man Claims Fee for Effecting Sale of Smuggler's Bark.

Claiming that he is due a fee of \$500 for negotiating the trade deal of the famous smuggler bark Alden Bama, Joseph E. Culver filed suit in the Superior Court yesterday against the Majestic Motion Picture Company for \$500. He alleges the defendant company owns the bark and that he was promised a fee of \$500 for effecting its purchase.

Break of Nature.

[Kansas City Times:] All records were broken by the South Missouri mule that had a colt, and the owner was quick to see his advantage.

MURRY RATE DECISION.

The Council was requested yesterday by the City Planning Association to urge the State Railroad Commission to hand down an early decision in the rate case.

BACK FROM CAMP.

First Lieutenant C. Stanley Tolley, Jr., is spending a few days with his parents at the Hillside apartment, Ocean Park. He is one of those who were successful in gaining a commission at the President's training camp.

COUNCIL WANTS NEW CITY JAIL.

Will Provide One if There's Way to Get the Money.

Feasible Financing Plan is Said to be in View.

Efficiency Chairman Says He will Find a Way Soon.

The appeal made by Chief of Police Butler for a new City Jail was given serious consideration yesterday by the Council and assurance was given that the building will be erected just as soon as the way is found to raise the money. The matter was referred to the committee of the whole and several of the members said they will endeavor to present a plan in the near future for the solution of the problem.

"The City Jail is a standing disgrace," said Commissioner Reeves. "Something should be done at once to remedy the deplorable conditions. If we cannot meet the emergency in any other way, we will favor the adoption of the plan proposed by Chief Butler."

President Conwell said if the conditions at the jail are as deplorable as painted by Chief Butler, they are awful. He added that something should be done at once.

No member of the Council opposed action looking toward the building of a new jail and all said if the money feature can be adjusted they will support it.

There is a feasible plan which would result in the raising of money for the jail without resorting to a bond issue was stated yesterday by a former city auditor, who said he will be prepared to make the details known within a few days.

CITY'S SURGEONS DEMANDED FEE.

DR. GILMER STATED IS SUBJECT OF INVESTIGATION.

Woman Declares He Performed Operation on Her Mother, Day After Accident, and Promised to Pay for Her Work—Story of Spangue Upsett.

Testimony will be resumed at 1:30 o'clock this afternoon before the Public Safety Committee of the Council in connection with the investigation of Chief Surgeon Gilmer and his staff of the Receiving Hospital.

The patient was the late Mrs. Maudie Kraft of No. 1221 West Fifty-second street, Monterey, who was given by Louis Kraft, her son, and Miss Beatrice Kraft, her daughter.

Miss Kraft said:

"My mother, my young brother and myself were on our way in an automobile to Oxnard on June 1, 1917. At or near Chalk Hill the motorist chine turned over. My brother was instantly killed. A passerby brought mother and myself to the Receiving Hospital. I had sustained two lacerations on the ribs and was immediately treated. A short time later Dr. Gilmer came to me in the Receiving Hospital and asked my permission to have my mother's head, neck, and shoulders operated upon. I gave my consent. He said the operation would be necessary. He said she had been twenty-five or thirty years old and of 160 to 170 lbs. I suggested he should operate upon her immediately.

"The following morning he removed mother and moved to the California Hospital, where mother was operated upon at 11 o'clock. She died four days later, but I was not told of it for about ten days. I asked if Dr. Gilmer had been paid a bill for his services. Louis Kraft said:

"I received a bill for \$150 for the operation upon my mother and \$100 for the services given my sister. Neither is paid.

Dr. Hark, former assistant surgeon at the Receiving Hospital, and Miss McCahay, a nurse at the French Hospital, were called to corroborate the testimony given yesterday by Dr. A. W. Miller to the effect that he had found three sternal wounds in a patient's body after he had been operated upon by Dr. Gilmer and Assistant Surgeon Blocker. The patient, Maudie Kraft, gave corroborative evidence.

Dr. E. H. Wiley, who was succeeded at the Receiving Hospital, testified concerning Maudie Kraft. The clinical record showed that he had received a penetrating wound from the outside and said nothing about a serious wound in the liver. Dr. Wiley later operated upon the man at the County Hospital and found that his liver had been badly cut. The patient died.

FOR SANITARY PURPOSES.

The Council yesterday authorized the improvement of the sanitary conditions at the firehouse, First and Belmont streets, but would appropriate no money for other improvements. "It will not be long until we will have to erect a new firehouse in that vicinity," said Councilman Cline, "and it would be foolish to spend any money on the present structure. When First street is paved and broadened, the present building will be almost lost above the street, which means, of course, that a new building must be built."

APPROPRIATIONS RECORDED.

Adopting the report of the Finance Committee, the Council yesterday ordered that instructions be given the heads of various city departments not to exceed the annual allowance appropriated for their use each month. Mr. Mallard said it has long been the practice to exceed the limit, and as it might lead to an embarrassing situation, he would not permit it.

A Sick-Room Necessity

When a member of your household is ill with a communicable disease, Lysol solution is necessary for the safety of patient, family, and neighborhood.

Use Lysol to disinfect bed-pans and other utensils, handkerchiefs, and everything else that comes in contact with the patient.

You may then protect the patient from relapse, which is often caused by reinfection from germs discharged by expectoration or otherwise. And you will certainly protect your family and your community from contagion. For Lysol kills all germs immediately, no matter what their nature.

Get a bottle today, but remember that there is but one True Lysol; the product made, bottled, signed and sealed by Lehn & Fink. Accept only when sold in original yellow package. Full directions with every bottle. Three sizes: 25c, 50c, and \$1.00.

Lysol Toilet Soap
Contains Lysol, and therefore protects the skin from germ infection. It is refreshing, soothing and healing and helpful for improving the skin. Ask your dealer, if he has none, ask him to order it for you.

Lysol Shaving Cream
Contains Lysol, and kills germs on razor and shaving brush (where germs abound), guards the skin from infection, and gives the antiseptic shave. If your dealer has none, ask him to order a supply for you.

Lysol Disinfectant

Germ life is impossible where it is used regularly.

Get a bottle today, but remember that there is but one True Lysol; the product made, bottled, signed and sealed by Lehn & Fink. Accept only when sold in original yellow package. Full directions with every bottle. Three sizes: 25c, 50c, and \$1.00.

DRAIN ON OIL STOCKS EASES.

Withdrawals in July Notably Smaller than in June.

Million Barrels Difference Noted in California.

Larger Output Coupled with Slump in Shipments.

Increased production coupled with slump in shipments resulted in a comparatively small draft on stocks of California petroleum during July. Approximately 375,000 barrels were withdrawn. This is nearly 1,000,000 barrels less than was withdrawn in June, according to statistics compiled and made public by the Independent Oil Producers' Association.

The California oil fields in July produced 4,150,000 barrels, a daily average of 261,250, compared with a total yield in June of 7,771,000 barrels, a daily average of 268,733, including a daily average increase in July of 4189 barrels.

Shipments in July amounted to 3,812,572 barrels, a daily average of 275,513, against an output in June of 3,082,878 barrels, a daily average of 268,429, showing a daily average decrease in July of 54,111 barrels. No marked change is indicated in field operations, 46 wells being completed, in July against 15 in June, an increase of 7. Drilling wells on the end of July totaled 221 against 270 on the close of June, an increase of 5. Rigs up totaled 35 on the end of July against 33 on the end of June, an increase of 2. On the end of July, 1747 wells were being drilled, against 1745 on the end of June, an increase of 124.

Stocks of oil on August 1 are stated at 34,155,644 barrels, compared with 34,515,741 barrels on July 1, a decrease of 370,097 barrels, or a daily average of 12,002. The stock reduction for the first seven months of the year 1917 is 3,044,439 barrels, a daily average of 85,251.

SCHOOL NEEDS GROW.

Board of Education Wants One-Sixth More Money This Year than They Got Last Year.

The Board of Supervisors conferred yesterday with the City Board of Education, Albert Shiele, City Superintendent; Mark Koppel, County Superintendent; E. A. Dickson, of the State Board of Control, and Herbert W. Clark of the California Teachers' Association, regarding the amount of money to be allowed the city schools for 1917-1918.

The request of the Board of Education was for \$4,651,666, which is an increase of \$1,191,666 over the \$3,460,000 for 1916-1917. As the new State law prohibits an increase of more than 5 per cent. over the previous year's levy, without the authorization of the State board, the conference was held. Mr. Koppel stated that a large sum was needed for new school buildings and for repairs. The Board of Supervisors took the matter under submission.

PUNISHMENT IS GUARANTEED.

Whitman's Entertainment at Larchmont with Hotel Men.

Ben Branham of Chicago, publisher of six technical journals devoted to insurance and financial and hotel matters, is visiting friends in Los Angeles, and was the guest of honor yesterday at a luncheon at the Hayward, given by Harry Freeman.

Among the guests were some 100 of the Rome Hotel, Omaha, and John Davis of the Savoy Hotel of Kansas City.

"HOSS AND HOSS" IS HIS REPLY.

MOUNT WANTS TO KNOW WHO WAS THE DRUNKER.

On Operator Defends Divorce Suit in Which Liquor and Rumpus are Involved—Los Angeles Friend Proves Unkind. Will Have His Side of It.

Winous Ruth Sellers, step-daughter of Roydon O. Murphy, a West Virginia oil operator, was inside the cause bell in the divorce suit of her mother, Mrs. Adda E. Murphy. Miss Ruth is but 17, but she did not appear to let it off with her stepfather, while Doris Sellers, 18, her sister, was Mr. Murphy's favorite.

In Judge Tate's court yesterday, Doris testified how she discovered that her stepfather had been drinking.

"I used to climb up in his lap," she said, "and I would liquor. One day when he came home and sat on the front porch, I climbed into his lap and smelled liquor. He pushed me down and told me to get out. He said he ought not to come home in that condition, knowing that I was around."

Mr. Murphy, in his answer to the suit, alleged that Ruth smoked opium. However, Judge Tate emphatically declared that he was not going into the trouble between Miss Ruth and her stepfather.

The testimony of Lillian Tansley, who knew Mr. Murphy in this city, was refreshing. He said that Mr. Murphy was intoxicated about twice a week, which time, Mr. Murphy's attorney said went double. The court wanted him to differentiate between intoxication and drunkenness.

"Well, which was the drunker?" asked the court.

"It was him and him," was the reply.

Mr. Murphy, it appears, was the

body's business" seems to have its application in this instance. Arrests have been made by the score, only to end in dismissal, owing to lack of sustaining charges.

ORDERS TO POLICE.

The police department has been warned regarding this laxity of caution. In addition, special instructions were issued by Chief Butler yesterday for patrolmen to go into different parts of the city and stop all those who appear to be of military age, asking for their cards, and if the latter are not produced, send the men to the marshal's office for further investigation. "Be courteous, but firm," says the order. In conclusion the letter says: "The good judgment in all your transactions and remember that while you are serving the govern-

Draft Names.

ment in this work yet you are dealing with your fellow-citizens and, wherever possible, avoid anything that might cause friction or criticism.

Warrants were issued yesterday by Commissioner Hammack for the arrest of nine suspected slackers in and about the Ventura and Santa Maria oil fields and Nordhoff, Dolph Bassett, deputy marshal, will have this morning on this mission. His investigation report that the oil regions are filled with dodgers, especially Englishmen. A number of Los Angeles men within the drafting area have taken employment within the last three months with various oil companies operating in the north, and it is proposed to smoke them out. Deputy Cavanaugh leaves today for Riverside, Colton Covina and other points, armed with a sheaf of warrants.

The good judgment in all your transactions and remember that while you are serving the govern-

ment, 31; automatically exempted (allies), 1.
